RESIDENTIAL FURNITURE

GRESHAM

## PROVIDING: CONCEPTS

Combining our strength for product design and space planning, Gresham can offer the right furniture and services to suit any requirements for residential furniture.

Whether selecting from our extensive range of standard products or specifying bespoke items, the result can be fine-tuned to meet the expectations of the end-user whilst considering the project budget and the constraints of the building in which it is installed.

## PROVIDING: SERVICE

Site consultation

Designing the product and planning the layout

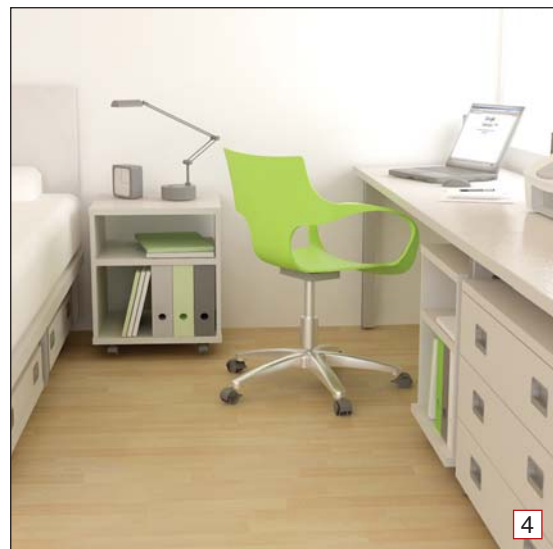

Providing options and advice

Delivering the best solution

“ WORKING WITH SPECIFIERS TO MEET THE USER’S NEEDS ”

**MAIN:** Visualised concept from client brief

**1:** Mobile storage options for flexibility of use

**3:** Maximising storage with under bed units

**2:** Open wardrobe with coat rail and shelves

**4:** Combining aesthetics and function with practical accessories

## PROVIDING SOLUTIONS: BEDROOM & STUDY AREA

Utilising state-of-the-art manufacturing techniques, Gresham can offer a wide choice of construction methods and finishes for its furniture.

Study / computer desking can be provided with structural storage units or clean-lined steel under frames built for strength and flexibility.

Storage is offered in a variety of widths, depths and heights; supplied in open fronted, door and drawer options.

A selection of units can also be mobile, therefore making the most of the available space.

## PROVIDING: STRUCTURAL OPTIONS
