

SOMETHING FOR EVERY BODY.

90Series

100Series

100Series

Headrest

The addition of an adjustable headrest supports the user in reclined positions, relieving stress within the neck muscles.

Fold Down Arms

Fully adjustable fold down arms allow easy access to the workstation.

Inflatable Lumbar & Thorax

By using the pneumatic pump the lumbar and thoracic supports can be inflated or deflated as required.

200Series

300Series

Seat Slide

A sliding seat adapts to different thigh lengths, allowing the user to optimise their own comfort and support.

AirTech Seat Board

A push of the button allows air to flow through the two way valve; this enables the seat to move as you move and moulds to your natural shape.

ORTHOPAEDICA

90Series

The **90Series** is the original model of Orthopaedica, built with a contoured seat and backrest; it provides high levels of support during prolonged sitting periods. Orthopaedica can be further enhanced with the addition of optional features including: seat depth adjustment, inflatable lumbar and thoracic supports and a choice of arm options.

ORTHOPAEDICA

100Series

The **Orthopaedica 100Series** offers a wider back for a more encompassing sit. The upholstered outer back creates a softer aesthetic and can be specified in two-tone fabric to create a unique look.

ORTHOPAEDICA

300Series

The expansion of the Orthopaedica range has led to the creation of the ultra high back, to offer the ultimate in support and comfort. Developed with a laminated core structure for additional strength, the **300Series** features a fully upholstered back.
